HELLO, I'M KSENIIA

I'm an interior designer and 3D visualizer with a passion for creating unique and thoughtful spaces. I enjoy exploring new ideas, working with colors, materials, and textures, and finding creative solutions for each project. My goal is to create interiors that are both beautiful and functional, while reflecting the personality and needs of each client.

EXPERIENCE

INTERIOR DESIGNER / 3D VISUALIZER 2023 / PRESENT
Estudio Tanguma, Mexico

- Developed creative design concepts for residential and commercial spaces.
- Produced detailed 3D visualizations for both interiors and exteriors.
- Drafted various technical drawings.

INTERIOR DESIGNER 2021 / 2023
Archblack Design Studio, Moscow

- Created detailed 3D interior visualizations for luxury residential projects.
- Developed and executed comprehensive design plans from concept to completion.
- Provided client consultations and conducted site measurements.
- Prepared project documentation and oversaw the installation process.

ARCHITECT 2018 / 2021
Mosproject, Moscow

- Managed design projects, collaborating with a multidisciplinary team.
- Prepared architectural documentation and developed technical specifications.
- Conducted author's supervision and quality control on-site.

ARCHITECT ASSISTANT 2016 / 2018
Reinberg and Sharov Architectural Workshop, Saint Petersburg

- Assisted the lead architect with design drawings and project documentation.
- Conducted material research and proposed sustainable solutions.
- Participated in developing sketch proposals for various projects, including hotels.
